STORY AND STRUCTURE

Background story: In the future all people mutate because of global pollution and infection. Some people who leaded a rackety life they became organs of feeling and other people became brains. Brains and feelings hate each other. They hate style of life each other. So they live in the permanent war.

Game scenario: 1. choose your side
2. develop your side:

reproduction

defence and bastion your place

3.Attack

4.Win

Mission:

first mission: to create many new monsters with multiplay.

Feelings multiplay with sex, they just have to meet each other and then they will multiplay.

Brains appereance in new box. You have to built new boxes as much as possible.

second mission: find way into opposite forces world

third mission:final fighting

Game characters:

Brains - They have many mouthes and one eye. They move with brain axis. They live in individual box. They fighting with teeth and axis.

Feelings - the feelings consist of the organs of sence: eyes, mouthes, tongues. They live in really dirty and unpleasent world. Everywhere there is poisonous. They fighting with teeth and tongues and arms. They don't have weapon. When they don't fighting they multiplay.
